WHEREAS, Innovative Care Solutions, Inc. a New York not-for-profit corporation, and

WHEREAS, Innovative Care Solutions, Inc. as Settlor, is establishing this Pooled Trust known as the ICS COMMUNITY TRUST II (the “Trust”) for the purpose of providing a broad spectrum of benefits for persons with disabilities (as hereinafter defined) as set forth more fully herein,

NOW THEREFORE, the parties to this Trust Agreement hereby agree and establish the following:

1.1 Trust Establishment and Purpose.

1.2 Name of Trust. This Trust shall be known as the “ICS COMMUNITY TRUST II” (herein after referred to as the “Trust”).

1.3 Type of Trust. This Trust is a supplemental needs pooled trust created pursuant to federal and state laws under the Omnibus Budget Reconciliation Act of 1993 (“OBRA 1993”). Pursuant to OBRA 1993, persons with disabilities (as defined herein) shall be able to put assets in a pooled supplemental needs trust so long as said trust is established and managed by not-for-profit institutions. Innovative Care Solutions, Inc. is a recognized 501(c) (3) not-for-profit corporation.

- 1.4 Compliance with Federal and State Law. This Trust is established pursuant to, and is intended to comply with the provisions of 42 USC 1396 (p) (d) (4) (commonly known as OBRA '93), New York Social Services Law Section 366 (2) (b) (2) (iii) (B), the New York State Department of Health and rules and regulations promulgated thereunder and shall be construed accordingly. The Trustee shall provide to the Human Resources Administration/Department of Social Services and/or the appropriate social services district of the State of New York such notices as are required by statute and regulation.
- 1.5 Trust Property. The Settlor does hereby irrevocably transfer and deliver to the Trustee the sum of One Hundred Dollars (\$100), the receipt of which is hereby acknowledged by the Trustee, and any cash, securities or other trust property which the Trustee may subsequently hold and/or acquire pursuant to the provisions of this Trust Agreement for the uses and purposes and upon the terms and conditions set forth herein.
- 1.6 Trust Purpose. This is an irrevocable pooled trust established for the sole benefit of individual beneficiaries who are defined as disabled pursuant to Section 1614(a)(3) of the Social Security Act, codified at 42 USC 1382c(a)(3) ("Designated Beneficiaries"). Individual Trust Accounts shall be maintained for each Designated Beneficiary, but for the purposes of investment and management of trust funds, the Trustees shall pool these accounts and manage them collectively. The purpose of this Trust is to receive the excess income (otherwise known as the "Medicaid spend down") of community Medicaid recipients and to provide, in the sole and absolute discretion of the Trustees, extra and supplemental items for the care, support, comfort, education, rehabilitation and training of the Designated Beneficiaries in addition to and over and above benefits they already receive, are entitled to receive or may receive in the future as a result of their mental retardation or physical, psychological or developmental disabilities from any federal, state or local government program, agency or department.

2.0 Trust Accounts.

- 2.1 Establishment of Trust Accounts. A Trust Account for the sole benefit of a Designated Beneficiary may be established by the Designated Beneficiary, the Designated Beneficiary's parent, grandparent, legal guardian, or by a court.
- 2.2 Funding of Trust Accounts. A Trust Account shall be funded with the surplus income of the Designated Beneficiary (otherwise known as the “Medicaid spend down”), which would otherwise be considered available to the Designated Beneficiary for purposes of determining eligibility for government benefits.
- 2.3 Joinder Agreement. A person or entity who establishes a Trust Account shall be referred to as the "Donor." The Donor shall execute a "Joinder Agreement" which adopts and incorporates by reference the terms of this Trust Agreement. The Trustees have complete discretionary authority not to accept a Joinder Agreement.
- 2.4 Execution of Joinder Agreement. This Trust is applicable to an individual Designated Beneficiary when a Joinder Agreement is signed by a Donor and a Trustee or a Trustee's designee. Upon acceptance, a Trust Account shall be established for the Designated Beneficiary named in the Joinder Agreement and held and administered pursuant to the terms and provisions of this Trust Agreement. By executing the Joinder Agreement, the Donor agrees to all the terms and conditions of this Trust Agreement and any amendments hereto.
- 2.5 Trust Account Designated Beneficiaries. Each Joinder Agreement shall designate the Designated Beneficiary for whom a Trust Account is established.
- 2.6 Enrollment Fee. Each Donor executing a Joinder Agreement shall pay an enrollment fee to the Trustee as set forth in the ICS Community Trust II fee schedule.
- 2.7 Monthly Fee. Each Trust account shall be charged a monthly fee for maintenance costs in accordance with the published fee schedule then in effect which is subject to and may change from time to time.

2.8 Additional Trustee Fees. The Trustee shall be entitled to an annual fee from each sub-trust account in accordance with the published fee schedule then in effect which is subject to and may change from time to time.

3.0 Funding of Trust Accounts.

3.1 Additions to a Trust Account. The Donor, or any other person or entity making a contribution to a Trust Account, shall have the right at any time to add property to a Trust Account on behalf of a Designated Beneficiary, subject to acceptance by the Trustees. This additional property, upon acceptance by the Trustees, shall become a part of the trust and be held and managed for the benefit of the Designated Beneficiary. Notwithstanding the aforesaid, the Trustees shall only accept property of the Designated Beneficiary and shall not accept the property of third-parties.

3.2 Refusal and Return of Property by Trustee. If property is offered for transfer to a Trust Account, the Trustee shall have sole and absolute discretion and authority to accept or refuse to accept the property, impose any conditions that must be met prior to acceptance or require that the property be liquidated. If the Trustee decides not to accept a transfer of property, he shall advise the person making the transfer or the personal representative of his estate in writing within thirty (30) days after receiving written notification of the nature of the property to be transferred. If the property has already been received or ownership transferred to the Trust, the Trustee shall have the right to cancel the transfer of the property, and the Trustee shall promptly have the property transferred and returned to the person making the transfer or his estate, who shall assume all costs related to the transfer and return of the property, as determined by the Trustee, including but not limited to any costs, fees and expenses related to the filing of documents or transfer of the property and costs of shipping, storage or handling.

3.3 Irrevocable Transfer. A Donor who contributes to the Trust shall not be permitted to revoke a Joinder Agreement or withdraw any funds contributed to the Trust under such Agreement.

4.0 Administration of Trust Accounts.

- 4.1 Administration for Sole Benefit of Designated Beneficiary. Each Trust Account shall be held for the exclusive benefit of the Designated Beneficiary of that Trust Account during his lifetime. The Trustee shall not use assets in a Trust Account for the benefit of a Designated Beneficiary of another Trust Account or for any purposes not set forth in this Trust Agreement. No Remainderman shall have a present interest in the Trust Account until the death of the Designated Beneficiary. The Trustee shall consider the interests of a Remainderman to be subordinate to those of the Designated Beneficiary during his lifetime. No Remainderman need be cited in an accounting proceeding during the Designated Beneficiary's lifetime.
- 4.2 Management of Trust Accounts. The Trustee is authorized to pool, commingle and jointly manage the assets of all Trust Accounts for investment purposes. Each Trust Account shall be credited with its proportionate share of the net income from the Trust. The term "net income" shall mean the profits and income generated from investment of pooled funds, minus losses and expenses generally attributable to administration of the Trust. Each Trust Account shall be charged separately with disbursements and distributions made on behalf of the Designated Beneficiary or allocated to that Trust Account.
- 4.3 Accounting and Filing. For accounting purposes, the Trust shall be operated on a calendar year basis. The Trustee, or its authorized agent, shall maintain records for each Trust sub-trust account in the name of, and showing the property contributed for, each Designated Beneficiary. Periodic accounts not less often than annually shall be sent to each Designated Beneficiary and/or the appropriate representatives or designees of each Designated Beneficiary, showing additions to and disbursements from the funds held on account in Trust for that Designated Beneficiary during the preceding calendar year. The Trustee shall be required to comply with all relevant federal, state and local laws and all court orders.
- 4.4 Distributions for a Designated Beneficiary. During the lifetime of a Designated Beneficiary, the Trustee shall use, apply or expend as much of the net income and principal of the Trust Account for the supplemental needs of the

Designated Beneficiary of the Trust Account as the Trustee, in its sole and absolute discretion, deems appropriate. This trust is intended to conform to the provisions of section 7-1.12 of the New York Estates, Powers and Trusts Law. This trust shall supplement, and not replace, impair or diminish the Designated Beneficiary's eligibility for benefits or assistance of any federal, state, county, city, or other governmental entity. The income and principal of the trust shall be used to provide goods and services that enhance a Designated Beneficiary's quality of life, and which are not otherwise provided for or covered, payable or reimbursable by any government benefit program and shall not be considered an available resource.

- 4.5 Availability of Benefits. Consistent with that intent, before expending any amounts from the net income and/or principal of a Trust Account, the Trustee shall consider the availability of all benefits from government or private assistance programs for which the Designated Beneficiary may be eligible. It is the Trustee's intention to maximize wherever possible, the collection and facilitate the distribution of these benefits.
- 4.6 Expenditure of Funds. The Trustee is authorized to expend funds for the supplemental needs of the Designated Beneficiary not provided through government benefits. The Trustee is prohibited from making expenditures that will impair or diminish the Designated Beneficiary's receipt of, or eligibility for, government benefits, except under the limited discretionary authority of section 4.7 below.
- 4.7 Discretionary Authority of Trustee. Notwithstanding the above provisions, the Trustee may make distributions to meet the Designated Beneficiary's need for food, clothing, shelter, health care, or other personal needs, even if those distributions will impair or diminish the Designated Beneficiary's receipt of, or eligibility for, government benefits or assistance, only if the Trustee determines that the distributions will better meet the Designated Beneficiary's needs, and it is in the Designated Beneficiary's best interests, notwithstanding the consequent effect on the Designated Beneficiary's eligibility for, or receipt of, government benefits. However, if the mere existence of this authority to make distributions from a particular Trust Account will result in a reduction or

loss of the Designated Beneficiary's entitlement to government benefit programs, regardless of whether the Trustee actually exercises this discretion, this paragraph shall be null and void with respect to such Trust Account, and the Trustee's authority to make these distributions shall terminate and the authority to make distributions shall be limited to purchasing supplemental goods and services in a manner that will not adversely affect the Designated Beneficiary's government benefits.

- 4.8 Prohibition Against Court Order to Invade Principal. No interest in the principal or income of any Trust Account shall be anticipated, assigned or encumbered pursuant to the authority of section 7-1.6 of New York's Estate, Powers and Trusts Law or any other comparable state or federal rule, regulation, statute or constitutional. EPTL 7-1.6(b) shall not apply.
- 4.9 Spendthrift Provision. The interest of a Designated Beneficiary and/or Remainderman in the property held in a Trust Account, including income and principal, prior to actual payment or delivery by the Trustee, shall not be transferable by voluntary or involuntary assignment or by operation of law. No Designated Beneficiary shall have the power to assign, encumber, direct, distribute or authorize distributions from any Trust Account.
- 4.10 Authority to Maintain Eligibility for Government Benefits. If requested to release Trust Account income or principal by any government or private agency, the Trustee is authorized to take whatever steps, administrative or judicial, as may be necessary to continue the Designated Beneficiary's eligibility for the benefits at issue. The Trustee may use Trust Account assets to retain an attorney to resolve disputes with any government or private agency; however, if required by court order, the Trustee shall obtain court approval to retain an attorney for this purpose.

5.0 Discretionary Authority of Trustee.

- 5.1 Binding Effect of Trustee Decisions. The exercise or non-exercise of any discretionary power granted hereunder to the Trustee and all actions taken with respect to making distributions hereunder shall be final and binding upon all persons.

- 5.2 Limitations on Discretionary Authority If Trustee is a Donor. No Trustee shall exercise or join in the exercise of any discretionary authority granted under this Trust Agreement over any Trust Account to which he has made a contribution. The exercise of any such discretionary power shall be made by the remaining Trustees.
- 6.0 **Disposition of Trust Account upon the Death of a Designated Beneficiary.**
- 6.1 After the payment of permissible administrative expenses such as reasonable fees for administration of the Trust Account such as an accounting of the Trust Account to a court, completion and filing of documents, or other required actions associated with termination and wrapping up of the Trust Account, to the extent that amounts remaining in the individual's account are not retained by the trust and credited to a Remainder Sub-Trust Account, upon the death of the individual, the state will receive all such remaining amounts up to the total value of all medical assistance paid on behalf of such individual. A Remainder Sub-Trust Account shall be defined as an account consisting of any amounts remaining in any deceased beneficiary's account. Amounts in the Remainder Sub-Trust Account may be used for the purpose of providing direct supplemental needs assistance to any individual who is disabled pursuant to Social Security Law Section 1614(a)(3) [42 USC 1382c(a)(3)], whether or not such individual is a current beneficiary of the Trust. Amounts in the Remainder Sub-Trust Account shall also be available to the Trustees for the purpose of providing indirect supplemental needs assistance to or on behalf of individuals with disabilities. Such indirect expenditure(s) may consist of, but are not limited to, education, training, advocacy, and such other incidental services or products which meet the need(s) of any current or potential Beneficiary of the Trust or has the effect of heightening the awareness of the general community to the special needs of individuals with disabilities, or distributions to any other 501 (c) (3) organization that provides any of the above services for the benefit of individuals with disabilities. Amounts in the Remainder Sub-Trust Account shall also be available to the Trustee to meet any administrative and/or operating expenses incurred by the Trust. To the extent that amounts remaining in a Beneficiary's account upon the death of the Beneficiary are not retained by the Trust and credited to the Remainder Sub-Trust Account, to be used in furtherance of the purpose of the Trust, the Trust shall pay to the States from

such deceased Beneficiary's account any remaining amounts equal to the total amount of medical assistance paid on behalf of the Designated Beneficiary under the State Medicaid plan pursuant to 42 USCS §§ 1396 et seq.
